Panasonic

UNLOCK THE POWER OF SUSTAINABLE ENERGY

Solar EPC, O&M
Solar Integrated EV Charging Solutions

Commitment Towards Future

Panasonic is committed to sustainability and a carbon-neutral future. Under our **Green Impact** mission, we aim to convert all our operating units to net zero by 2030. By 2050, we aspire to reduce 300 million tons of CO₂ emissions by helping businesses transition to cleaner and greener practices. Join us in our journey towards a more sustainable tomorrow.

WHY CHOOSE PANASONIC FOR SUSTAINABLE SOLUTIONS?

Legacy & Quality

With over 45 years of global expertise in the solar energy sector, Panasonic brings a wealth of experience, high-quality in-house top notch products, and a steadfast commitment to green energy to India. Our solar power vertical has been leading the charge for nearly a decade in India, experiencing rapid growth and innovation along the way. Additionally, our range of EV chargers complements our solar offerings, providing sustainable charging solutions for electric vehicles. We bring in a unique blend of Japanese quality in execution with local knowledge of regulations and on-ground conditions.

Specializing in Commercial & Industrial Solar Solutions

Rooftop Ground Mount Carport Solar Integrated EV Chargers

Comprehensive Turnkey Solar EPC Services

Our in-house team comprises experienced professionals in design, engineering, procurement, and execution. We have successfully executed multiple solar projects across India and globally. As a Japanese engineering and construction company, we prioritize world-class quality and process assurance. We are committed to providing exceptional workmanship by conducting comprehensive site analysis, selecting optimal technology, utilizing innovative execution methods, and paying meticulous attention to detail.

Driving Sustainable Mobility: Introducing Solar Integrated EV Chargers

With our technical expertise, we're now delving into solar integrated EV chargers, seamlessly combining solar energy and electric vehicle charging solutions. Our commitment to excellence remains steadfast as we bring our unparalleled standards to the domain of sustainable mobility.

PEACE OF MIND
